knowing the proper treatment for this disease. According to the best authorities it requires precisely the same treatment as a severe cold, and at its generally known that there is nothing better for a severe cold than Chamberlain's Cough Remedy taken as directed. Extreme care should be taken to keep the feet dry and warm, the body well clothed and to avoid exposure, especially when recovering from disease, and to keep up the vitality. Persons physically weak should take tonics to keep up their strength. It is also important that the bowels be kept regular. No ordinary case is likely to require any further treatment than this to insure a complete recovery. For sale by all druggists.

OMAHA'S STREET CART SERVICE.

A Correspondent's Complaint and the Company's Reply.

OMARS, Jan. 15.—To the Editor of THE BEE: Your reporter certainly must have been misinformed by the officials of the electric roads yestering yield oring his attempts to get the news for Tim Bire. Motors that left the north terminus as early as 7 o'clock Sonday morning for South Omaha didn't reach Farnam street on their return trip until 13 o'clock noon yesterday. Every avails.

Every available motor was either 'dead,' 'watallod' or 'working it a way'' south up to noon yestorday, not a single carbaving gone north of Farmam street or their of the street in street of the stree o'clock noon yesterday. Every ble motor was either "stalled" or "working its

on the Wainut till the became crippied, but as soon as another was available it was set at work.

General Manager Smith says that no partiality was shown to the North Twenty-fourth and Hanseom park line, as alleged, in fact, if any partiality was snown it was to the Sherman avone and South Omahaline. The cable weeper, which is the best sown by this company, was not on the South Omahaline, and that of the latter put of the cable lines, and that of the latter put of the cable lines, and that of the latter put of the cable lines, and that of the latter put of the cable lines, and that of the latter put of the cable lines, and that of the latter put of the cable lines, and that of the latter put of the cable lines, and that of the latter put of the cable lines, and that of the latter put of the cable lines, and that of the latter put of the cable lines, which is the one to receive the most attention. We used greater exertions to open the South Omaha line than any other. But we had snow drifts three or four feet deep on Sherman avenue to dig out, and the Sixteenth street viaduct had to be shoveled off its entire leagth, as the sweepers could not work there. Cars were finally gotten across the viaduct between 9 and 10 a. m., and by noon they bad returned. By 2. p. m the cars were making regular trips every twelve minutes, as were all the cars on the other lines. The aweeper on the Sprague or Hanseom park line worked tup-top and soon cleared the track for service. The onlie tracks were also cleared early in the foremon, so that the only appreciable delay was on the South Omaha and the Walnut Hill lines. We left nothing undone to get everything moving.

Everybody is advertising Clearance Sales: WITH US, this January clearance business has two objects. Not only do we want to clear out the remnants of our winter stock, but our greater object is to start the New Year with a grand advertisement for the coming year's business, and we know that nothing advertises as much as SELLING GOODS CHEAP and giving big bargains. All the money we spend for the newspapers, does not do near the advertising for us than the fact that we really sell goods lower than everybody else. THAT'S WHAT DOES THE BUSINESS FOR US.

Having won the confidence of the people by giving them at all times better values for their money than they can get elsewhere-it is our determination to strengthen this confidence year after year.

When you bear in mind how low we sell our goods every day in the year, you will realize what Our Clearance Prices mean. A Bonafide Reduction from our regular low prices, means an uncommon opportunity to save
